(Carroll and Corrigan also present)

"Last Wednesday, January 17, about 5:30 p.m., Mrs. Rosen notified the employees - about 22 - that there would be no more work. They were asked to come the following Monday for whatever pay was coming to them.

"About 5 o'clock on Monday the employees went to the shop to be paid. At that time she asked them to come back on Tuesday. They came back on Tuesday about 5 o'clock. Mrs. Rosen said she had just come from court and she had a check which she had to have cashed, and asked them to come back at 4 o'clock on Wednesday."
