

PCA-3

May 17, 1974

This is in reply to your letter of April 11, 1974, and enclosed report requesting our final determination as to whether _____ is eligible for contract award as a manufacturer within the meaning of the Walsh-Healey Public Contracts Act and the regulations issued thereunder.

We have carefully reviewed all the evidence contained in your report, including the information the firm submitted on its own behalf, and find no reason to question the initial determination by your agency that _____ is not eligible for contract award as a manufacturer within the meaning of the Public Contracts Act and ASPR 12-603.1, in that there is insufficient evidence that the firm has made all prior definite commitments and arrangements for the equipment and personnel necessary to perform the manufacturing operations required for contract fulfillment.

Sincerely,
