CHAPTER V -- WAGE AND HOUR DIVISION

PART 545

REGULATIONS RELATING TO HOME WORKERS IN
THE NEEDLEWORK INDUSTRIES IN PUERTO RICO

The following Regulations, Part 545 (Regulations relating to home workers in the Needlework Industries in Puerto Rico) are hereby issued. These Regulations shall become effective December 2, 1940, after publication thereof in the Federal Register, and shall be in force and effect until repealed or modified by regulations hereafter made and published.

Signed at Washington, D. C. this 22 day of November, 1940.

REGULATIONS RELATING TO HOME WORKERS IN
THE NEEDLEWORK INDUSTRIES IN PUERTO RICO 1/

REGULATIONS, PART 545:

Section 545.1. Applicability. The provisions of Part 545 shall apply only to persons engaged in activities relating to home workers in the Needlework Industries in Puerto Rico as defined in Regulations, Part 537.

Section 545.2 . Definitions. The following words, terms, and phrases as used in Part 545 of the Regulations shall have the meaning ascribed to them in this section except when the context clearly indicates a different meaning; provided, however, that the following definitions shall not be construed in any way to restrict the meaning of such words, terms, or phrases as are defined in Section 3 of the Act:

- a. "Employer" includes any natural or artificial person, who, for his own account or benefit, directly or indirectly, or through an employee, agent, subcontractor, and/or any other person:
 - (1) Delivers, or causes to be delivered, any goods to be produced in a home and thereafter to be returned or thereafter to be disposed of or distributed in accordance with his directions; or
 - (2) Sells any goods for the purpose of having such goods produced in a home and then rebuying such goods after such production, either himself or through someone designated by him.
- b. "Representative contractor" includes any person who receives from an employer or contractor, residing outside the Island of Puerto Rico, goods to be distributed by him to any home worker to be produced in a home and thereafter to be returned, or otherwise disposed of in accordance with his directions.
- c. "Subcontractor" includes any person, who, for the account or benefit of an employer, representative contractor, or other person delivers to a home worker goods to be produced in a home and thereafter to be returned in accordance with the direction of such employer, representative contractor or other person.
- d. "Home" includes any room, house, apartment, or other premises used regularly in whole or in part as a dwelling place and also includes out-buildings on premises that are primarily so used where such out-buildings are under the control of the person dwelling on such premises.
- e. "Home worker" includes any employee producing goods for commerce in a home.

Section 545.3. Filing of Designs. Every employer and representative contractor shall file with the Wage and Hour Division in the El Banco Popular Building, San Juan, Puerto Rico, a copy of each design and a description of each operation to be followed by any home worker, together with the style and lot numbers of the goods upon which such designs shall be made and operations shall be performed thereon. 2/ The employer or representative contractor filing such design or description of an operation shall assign a number or other designation to it.

1/ Issued under the authority contained in Section 6(a)(5) (Pub. Res. No. 88, 76th Congress) and Section 11(c)(52 Stat. 1060).

2/ Thus, the design or description of the operation will be assigned a designation in addition to the description of the goods (style and lot number) upon which the designs are to be made.

Section 545.4. Tickets to be Affixed to Bundles. Every employer and representative contractor shall make up the goods to be delivered to a subcontractor into a bundle. Every employer and representative contractor shall affix to each such bundle a ticket which shall be numbered serially and contain the name of such employer or representative contractor. The serial numbers of such tickets shall run from the number one and be prefixed by the number of the permit issued to such employer or representative contractor by the Department of Labor of Puerto Rico. 1/ The subcontractor shall return the ticket with the bundle to the employer or representative contractor.

Section 545.5. Records to be Kept. a. Every employer and representative contractor shall make a record of the following information: 2/

1. The name and address of each firm situated outside the Island of Puerto Rico, if any, from whom the goods in each bundle to be delivered to a subcontractor for delivery to a home worker were received.
 2. The name of each subcontractor, if any, to whom each bundle of goods was delivered for delivery to home workers, together with the number of the permit issued to such subcontractor by the Department of Labor of Puerto Rico.
 3. The dates upon which each bundle of goods was delivered to and returned by a subcontractor, if any, together with a description of such goods.
 4. The style number, design number, and amount in dozens of the goods in each bundle, together with the piece rate per dozen to be paid and the net amount actually paid each home worker for the operations performed upon such goods.
 5. The ticket number of the ticket affixed to each bundle of goods.
 6. The name and address of each home worker to whom the goods in each bundle were delivered.
 7. The dates upon which the goods in each bundle were delivered to and collected from each home worker.
- b. Every employer and representative contractor shall pay the home worker when he collects the goods and shall enter the following information in the handbook (to be obtained by the employer or representative contractor from the Wage and Hour Division and supplied by him to each home worker) which shall be kept by the home worker: 3/

Day and Month Delivered	Description of Article <u>4/</u>	Style No.	Operation or Style Number	Piece Rate	Quantity	Amount Paid	Day and Month Paid	Signature of Person Acting in behalf of Employer or Representative Contractor
.....
.....
.....

1/ Thus, if the permit number is 56, the serial numbers on the tickets would run 56-1, 56-2, etc.

2/ Although responsibility for keeping the record is placed upon the employer or representative contractor, the actual work of making the record may, of course, be delegated to employees, agents, subcontractors or other persons acting in behalf of the employer or representative contractor.

3/ An employee, subcontractor or other person may perform these functions in behalf of the employer or representative contractor.

4/ Thus a proper description might be "Handkerchief 10"x10" ". (6423)

Section 545.6. Maintenance of Records. Every employer and representative contractor shall keep and preserve for a period of not less than four years at his place of business the records required above. All such records shall be open at any time to inspection and transcription by the Administrator or his authorized representative.

Section 545.7. Piece Rates Prescribed by the Administrator. Pursuant to the provisions of Section 6(a)(5) of the Act, each home worker shall be paid, in lieu of the applicable hourly rate established by the wage order for the Needlework Industries, not less than the piece rates prescribed in Section 545.11 for the operations described therein.

Section 545.8. Piece Rates Adopted by Employers. ^{1/} Pursuant to the provisions of Section 6(a)(5) of the Act, in the event that a home worker is to perform an operation for which no piece rate has been established by the Administrator or his authorized representative, he shall be paid a piece rate adopted by the employer which shall yield an amount not less than the applicable hourly rate established by the wage order for the Needlework Industries to home workers of ordinary skill. Such employer piece rates shall only be adopted after the employer notifies the Division of his intention to establish a rate for such operation. Such a rate shall remain in effect only until such time as the Administrator or his authorized representative establishes a piece rate for such operation.

Section 545.9. Penalties. Section 15 of the Act makes it unlawful for any person to violate the provisions of Regulations, Part 545, and subjects any such person to the penalties provided by Section 16 and Section 17 of the Act.

Section 545.10. Petition for Amendment of Regulations. Any person wishing a revision of any of the terms of Regulations, Part 545, may submit in writing to the Administrator or his authorized representative a petition setting forth the changes desired and the reasons for proposing them. If, upon inspection of the petition, the Administrator or his authorized representative believes that reasonable cause for amendment of the regulations is set forth, the Administrator or his authorized representative will either schedule a hearing with due notice to interested parties, or will make other provision for affording interested parties an opportunity to present their views, either in support of or in opposition to the proposed changes.

^{1/} See Regulations, Part 587 for the applicable hourly rate for the different divisions and classifications of the Needlework Industries.

Section 545.11. Piece Rates Established in Accordance with Section 545.7:

Type of Operation	Price per doz. (units or inches)
23 - Dots, $\frac{1}{8}$ " diameter, up to 7 stitches	1.250 ¢

Note - These prices have been set on the basis of using O.N.T. thread #5, corded, which gives an average of 28 stitches per inch of solid cord. If corded threads are used which are not so thick, the number of stitches per inch should be taken down, and the price set in proportion to the above mentioned base of 28 stitches. If corded thread #11 is used, 15% must be added to prices established here for thread #5.
