THREE CITRUS PULP HEARINGS IN JANUARY

Three hearings will be held in January to determine whether the dehydrating of citrus pulp and waste is an industry of a seasonal nature entitled to an exemption from the 40 hour week, Baird Snyder, Acting Administrator of the Wage and Hour Division announced today. James G. Johnson, Assistant to the Administrator, will preside at all three hearings which will be held at:

Tampa, Florida, January 12, 1942 at 10 A.M. in the Federal Building
San Antonio, Texas, January 20, 1942 at 10 A.M. in the Federal Building
Los Angeles, California, January 26, 1942 at 10 A.M. in the Federal Building

Applications for a 14 week seasonal exemption from the 40 hour week from the Kudor Citrus Pulp Company and others were denied after a hearing in Los Angeles in June 1941. Further hearings have been decided on in lieu of the review requested by the petitioners. In order to avoid unnecessary duplication of testimony, a transcript of the June 5 hearing and exhibits will be incorporated into the record of these hearings.

Any person interested in appearing at the hearings should file a notice with the Wage and Hour Division, U. S. Department of Labor, Washington, D. C. before January 5, 1942 stating his name and address; whom he is representing if any; whether he is appearing in support or opposition to the applications for exemption, and the approximate length of time he will require.
