U. S. DEPARTMENT OF LABOR
WAGE AND HOUR DIVISION

Washington

A MEETING OF SUBCOMMITTEE "B" OF COMMITTEE NO. 1

A meeting of subcommittee "B" of Industry Committee No. 1, dealing with questions of "Further Processing," will be held at the Wage and Hour Division, U. S. Department of Labor, starting November 1st.

The subcommittee will meet to consider the advisability of including additional phases of the textile industry within the technical definition of textiles. Among these phases are knitted wear, curtains, draperies, bed spreads, mattresses, sheets and pillow cases, and towels. The sessions of the subcommittee will be presided over by P. Oliver Davis, of Alabama Polytechnic Institute.

Administrator Elmer F. Andrews in a letter to Chairman Donald M. Nelson, on September 13th, announcing the names of the members of Industry Committee No. 1, said that difficulty had been experienced in drawing a precise definition for the textile industry which would involve the least disturbance of competitive relationships, and asked that the committee engage in studies to the end of advising him and submitting recommendations for amending the definition.

The meeting of the subcommittee on November 1st is for the purpose of complying with the request of the Administrator.
